

Dear Parents,

You will have received an attached letter outlining key information for the beginning of the term. Thank you to Mrs Bellis who has sent out data collection sheet for each individual child. Please ensure that you check the details and update where necessary. It is really important that all our contact information is up to date. We thank you for your cooperation.

### School Communications

At Saint Luke's Catholic Primary School we have two applications that we use to communicate with home.

ParentPay that sends out emails mainly and allows parents and guardians to log on to pay for school dinner money, trips and other items that come up from time to time. Hopefully you will all have received activation requests and be using this system well. If you do have any issues with this please email the school business manager, Mrs Bellis on [sbm@stlukes.Cheshire.sch.uk](mailto:sbm@stlukes.Cheshire.sch.uk)

ParentApp Connect is a newly updated version of the ParentApp that the school has used previously. This is currently being rolled out for our pupils across the school and all being well you should all receive an activation invitation before the end of the school day on Monday.

### Pupil Data Forms

Pupils have taken home Pupil Data Forms today that allow you to check that the correct information is held on our system for your child. It is important that we have details of allergies and contact information as soon as possible and we would be grateful if these could be brought in by the children on Monday please.
