

Earlier in the week, a representative from CAFOD delivered an assembly about CAFOD's work; ensuring all families have clean water to drink, prepare their food and to keep themselves clean. This is something we all take for granted, but for many children, they have to walk miles to collect their water. Installing water pumps in their villages makes a big difference to their quality of life.

Thank you to all the children who participated in our 'Brighten up our World' non-uniform day, for Cafod's Harvest Family Fast Day. Through the money donated we will help to support children and their families who are less fortunate than us; making their world a brighter place too.

This afternoon we had a lovely coffee afternoon with the parents of our Reception class children. This was a very enjoyable occasion, with entertainment from the children; singing three of their favourite songs, followed by a stay and play. We hope you all had a good time.

Continuing the theme of Harvest and putting the needs of others first, we kindly request that next week each child donates **an item of tinned or packet food**. We will have the shopping trolley in the playground; **all donations will be sent to the Frodsham Foodbank**. In anticipation we thank you for your continued generosity.

Thank you to all the parents who have completed and returned the data collection sheets, their signed home school agreements and permissions sheets. It is essential that all information regarding your child is up to date, allowing our school systems to work efficiently for the benefit of all. **We ask that all outstanding sheets are completed and returned by Monday 7th October.**

Wishing you all an enjoyable weekend.

Best wishes
