

Year 5 Planner

Created in partnership with

Year 5 progression: compared with the first edition, the units for the first half of Term A are familiar but the units for the second half of Term A have changed, now including two Fractions units, which would previously have fallen in Term B. The Fractions units and Multiplication & Division units are now interspersed (as there were some teachers/children who found the 3 consecutive Fractions units quite intense!). You can see the new progression of lessons within the units by looking at the progression file for Upper KS2.
